

Who are we?

ISTE SC MANIT is one of the oldest student organizations in MANIT. Since our inception in 2003, we have been actively contributing towards professional and technical education of young minds throughout the nation.

What is Version Beta?

Version Beta is the annual Hackathon organized at MANIT, Bhopal. It is the largest student-organized Hackathon in central India.

First time?

Then Version Beta is the best place to start! It's helpful to have some programming or technical experience, but it's not a requirement. We'll have seminars, mentors and workshops to help you with your project.

Participation type

Form of a team of 3 best buds and hack away. Can't form a team of 3? Don't worry we will do it for you.

Who can participate?

Version Beta is a student conducted Hackathon for students only. So keep your college IDs ready.

What is the selection criteria?

We look out for teams with zeal and passion. So make your application interesting and unique. Tell us about your experiences and your hobbies, anything which will impress us.

What about my accommodation?

Selected participants will be hosted in the MANIT Bhopal campus. Food and accommodation will be provided to the selected team members only.

What is the total charge for participating in Version Beta?

Nothing. Nada. Zero. The whole event is free of cost for the participants.

How will I know I got selected?

We will mail you back and let you know.

What should I pack?

Your laptop, charger and some deodorant (a lot actually). We will get you everything else.

Rules of the game.

These are NOT meant to be broken. Read the Code of Conduct, FOLLOW THEM.

Will my travel be reimbursed?

YES! We will reimburse the train tickets of the selected teams once they reach the venue.
